

The Wisconsin Surgical Society

A CHAPTER OF THE AMERICAN COLLEGE OF SURGEONS

Fall Conference Information and Registration

November 8 - 9, 2019 • The American Club • Kohler, WI

September 2019

Dear WSS Members:

The annual meeting of The Wisconsin Surgical Society, A Chapter of the American College of Surgeons, will be held on Friday, November 8 and Saturday, November 9, 2019 at The American Club in Kohler, WI. Please take the time to make your hotel reservations and to send in your conference registration as this is looking to be another great conference. I would like to thank Drs. Brandon Grover, Elise Lawson and Tim Ridolfi for their time and effort in planning this event.

The Friday sessions will highlight research across the state through presentations by medical students, residents and fellows. The format will include both oral and poster presentations. An update on the Surgical Collaborative of Wisconsin, Rural Surgery Task Force is also planned. Dr. John Weigelt, Vice-President-Elect of the American College of Surgeons will provide an update on ACS activities and give the Beaumont Lecture.

Saturday's Sessions will include clinically relevant panel discussions. New this year will be "Great Cases Across the State" - featuring interesting clinical cases submitted by our colleagues. We are excited to have Dr. Dean Klinger lead a session on Global Health, and Sheridan Ryan present "Staying Left of the Bang" (how to manage violent patients and families.)

The American Club is a five-star resort with a world-class spa and championship golf courses. Join your colleagues and friends for a great weekend of learning, sharing and renewing friendships. Invite colleagues who are not members to attend the meeting and ask them to join the WSS!

I look forward to seeing you in November!

Sincerely,

Brian Lewis, MD, FACS
President

About The Wisconsin Surgical Society

Founded in 1946, The Wisconsin Surgical Society, A Chapter of the American College of Surgeons, stated its business and purposes to be "...the cultivation and the improvement of the science and art of surgery for the betterment of surgical care of the citizens of Wisconsin and the closer professional and social relations of the surgeons of the state and such other matters as may properly come before its sphere." From its initial membership base of fifty-one surgeons, the association now boasts over 300 members.

Conference Overview

The scientific presentations by both resident students and member surgeons are the core of the continuing education goal of the association. Approximately 49 papers will be presented and discussed. Additionally, Poster Displays highlight the research results of approximately 29 research teams, with 8 of these posters identified as "Posters of Distinction." There is an optional lunch offering both days giving an opportunity for our invited guest lecturers to informally meet professionals from around the state.
